

## BUSINESS AND MINING.

The Vote in the House a Great Surprise.

## HOW MINING MEN VIEW IT.

The Real Estate Market Was Booming Yesterday.

Mining News from the Park-Millard County-Ore-Items from Tintic-Clearings Yesterday-Real Estate Transfers-General Business Notes.

News from Washington was awaited here yesterday with intense interest. The reports for several days past had been of such a nature that mining men were satisfied that free coinage would be defeated in the House, but they were not prepared for the heavy majority against the white metal and hence when the bulletin came in, they were much surprised. The hope of the west is now pinned to the Senate, and a battle royal will take place there.

When asked as to what the effect of yesterday's action would have on silver, R. C. Chambers said: "The price may go down for a short time, but it will not stay there. Yesterday's action does not make the situation any more serious."

Mr. Cunningham said: "Yesterday's action will not make much difference. Bed rock has been reached already."

## REAL ESTATE BOOMING.

Consideration on Recorded Transfers Yesterday Was Nearly \$40,000.

The real estate market was booming yesterday. There were fourteen transfers recorded and the considerations amounted to nearly \$40,000. A pretty good record for one day.

## Park "Recess" Items.

A car load of battery stems arrived this week for the Ontario and Marsac mills.

James Ivers is making preparations to haul down a 100-ton monument of jig ore, owned by J. L. Weber and associates.

The Crescent company has not yet started to lay in its winter's supplies, but is patiently waiting to see what Congress is doing to do with the coin question.

The rumor that the Daily mine will close down on September 1 is false. Such a move is not even in contemplation on the part of the management.

Mr. Dewey, of the Dewey-Walker refining process, now in successful operation at the Marsac refinery, departed for Washington Wednesday morning. He goes on business connected with that process.

There are more vacant business houses and dwellings in Park City at the present time than ever before in the history of the camp. As a consequence, rents are steadily falling, at least as regards residence property.

The Ontario company is building a new water tank or reservoir on the site of the old one in the rear and above No. 2 hoisting works. The new tank will become unsafe from age and the action of the weather.

The Ontario company has commenced ore shipments again and several teams are kept busy hauling to the Park City sampling mills. Shipments, however, are not being crowded and the ore bins at the mines are kept pretty well filled up.

Mrs. Esther Lindsay has received her warrant for \$200 from the Park City sampling mill. She is the beneficiary due her through the death of her son, Robert E. Lindsay. There is no quibbling or delay in the payment of the money.

C. H. Lawrence, a prominent mining man, at present of Salt Lake, has been here several days this week studying the process of ore reduction at the Ontario and Marsac mills. He is considering the feasibility of building a mill for the reduction of ores at Lead Junction and desires to get thoroughly posted on the best and cheapest method.

James McCune, who has been prospecting for gold ore supposed, in northern Utah, returned to the Park City yesterday evening, bringing with him some fine specimens of both gold and silver. The writer interviewed the gentleman but found non-communicative, and about all the information obtained was that he found a very promising vein of the yellow metal and is satisfied that it will develop into something handsome with reasonable development. He would say nothing whatever as to the section of country visited, and says he does not propose to let the public into his secret until after he has made himself secure. He proposes to return and complete his locations as soon as possible, and is now making arrangements to that end.

## Millard County Ore.

Mr. R. A. McBride, Millard, has presented this office with a beautiful paper weight of native onyx, which was shaped and polished by the donor. The most pleasing feature in connection with this subject is that the onyx is a Millard county product, the quarry being situated in the southern termination of the Detroit range, about thirty miles west of Deseret. The ledge is about five feet thick and of various hues, from light to a lowly dark, the veins and shades, while being strongly marked, merge into each other in a marvellously beautiful manner. Mr. McBride assures us that he has had several expert eyes upon the specimen to ensure its genuineness and superior in some to Mexican onyx, which is considered the finest in the world, and negotiations are now pending which, it is confidently believed, will result in the opening of the quarry and exportation of the product to the east and west, the advantages of which in the employment of our people and the attraction of capital to our almost unlimited resources and natural wealth cannot be estimated. The same gentleman has also located near the onyx quarry a ledge of fine grained black marble, 25 to 30 feet thick, which, on account of its rarity in the United States, is destined to become valuable. The Marble quarry congratulates Mr. McBride on his find, and his perseverance manifested in his mastering the art of polishing, and wish him and Millard county success in this important enterprise.—Millard County Blade.

## Tintic "Miner" Notes.

The Copperopolis started up Monday with a small force of men.

A slight accident at the Eureka Hill was the cause of a half holiday given the men on Thursday.

Dr. Brant has laid aside his professional robes for a jumper and overalls, and is doing assessment work on the Golden Chain group in Mammoth Hollow.

About forty men are employed at the Mammoth mine and about the same force are working on the new mill, which makes the camp appear quite lively these days.

The working force at the Beck has been increased to seventy-five men, a night shift having been put on last night. They are shipping about one car a day of lead ore, and storing dry ore for a free coinage market.

Fred Schantz was overcome with bad air, in the shaft of the Crusader, Tuesday. Help was summoned and he was hoisted to the surface and brought to town for medical attendance. Wednesday morning found him sufficiently recovered to return to work.

The Bullion-Beck and the Centennial Eureka are paying \$2.50 to mine, and have reduced board to 75 and 80 cents per day, the latter property having started up Tuesday, with thirty men. The Eureka Hill and Keystone keep up the old schedule of wages.

A meeting of the almost defunct Min-

ers' union was held Sunday evening, to discuss the recent cut in wages at the Centennial-Eureka and Mammoth mines. As a result the members were given the privilege of accepting employment wherever they could get it at the ruling price, until some action is taken on the silver question.

## Yesterday's Clearings.

Yesterday's clearings were \$114,500.

## Mining Notes.

Silver, 73, lead, \$3.20.

T. B. Jones & Co. received yesterday: bullion, \$7,800.

Wells, Fargo & Co. received: bullion, \$2,000.

McCormick & Co. received yesterday: Hanauer bullion, \$5,000; silver and lead ore, \$5,200.

Seventy tons from the Utah mine came in yesterday.

The Beck-Cache copper mine is looking better every day.

A fine bed of coal has been struck in Cache county.

William A. Perry is expected from the coast next week. Active preparations for the immediate development of the new Gilsonite and Ozokerite deposits will be made on his arrival.—Price Telegraph.

## Business Briefs.

The finishing touches are being put on the Continental market.

The work of putting on the roof of the city and county building will be commenced in a few days.

The Brigham Young Trust company and H. Diawoodley have decided to make their fine business block on First South street three stories high instead of five, as originally intended.

W. E. Hopkins of Soldier Summit, Utah, bought of W. E. Hubbard lots 19 and 20, block 1, East Waterloo, for \$800. Mr. Hopkins intends to build a residence on this property, he has just returned from Chicago and says this is the only city in which he would locate for a home, between Chicago and San Francisco.

## Scientists May Differ

As to the causes of rheumatism, but there is no difference of opinion among them as to the danger which attends it, the symptoms by which it manifests itself, and the difficulty of dislodging it in its chronic stage. Several mineral and vegetable poisons are prescribed for it, but none of these has been shown by experience to possess the same efficacy as Hostetter's Stomach Bitters. This benign scientific preparation, the blood by promoting vigorous action of the kidneys, which strain from the blood as it passes through them the rheumatic virus when it exists in the system. Physicians of eminence testify to the value of the Bitters in rheumatism, and the professional opinions regarding it are borne out and corroborated by ample popular evidence. The Bitters remedy chills and fever, liver complaint, dyspepsia and constipation.

Don't be without it. The A. B. C. Bohemian bottled beer, brewed by the American Brewing company, of St. Louis. It is pure, invigorating and healthy, and could not be otherwise, it is made from the best barley and Bohemian hops. Fred S. Hadra, 44 East First South street, Salt Lake Agent. Telephone 293.

## St. Louis Is In It.

Exceedingly cheap rates to St. Louis are now in effect. The Union Pacific and Missouri Pacific railways are running a daily Pullman Palace sleeper from Salt Lake City, Cheyenne and Denver to St. Louis without change. Pullman Dining Cars Denver to Kansas City.

## To the World's Fair.

Save time and avoid the crowd in the city by buying tickets over the "Great Rock Island Route" and stop off at Englewood near the World's fair gate.

Electric line from the "Rock Island" depot directly to the gate. Time, ten minutes. For five cents. You can check your baggage to Englewood and avoid trouble and save expense, as Englewood is in the great suburban hotel district near the fair, and you can have your baggage sent to your quarters at once.

Remember, the Chicago, Rock Island & Pacific is the World's fair line for reasons given above. JOHN S. BARTMAN, General Ticket and Passenger Agent.

## Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A pure medicine does not exist, and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price 50c, and \$1 per bottle, at A. C. Smith & Co.'s drug store.

## What Is a Guarantee?

It is this. If you have a cough or cold, a tickling in the throat, which keeps you continually coughing or if you are afflicted with any chest, throat or lung trouble, whooping cough, etc., and you use Ballard's Horehound Syrup as directed, giving it a fair trial, and no benefit is experienced, we authorize our advertised agent to refund your money on return of bottle. It never fails to give satisfaction. It promptly relieves bronchitis. Sold by Z. C. M. I. Drug Dept. 1

## NOTICE TO SUBSCRIBERS.

The Herald Publishing company will deliver FREE to every paid up subscriber to the daily or semi-weekly HERALD, post-paid or to every such applicant at the counting rooms, their choice of one of the famous Mathew-Northrup vest pocket series "Up to Date" maps of the United States, Utah-Colorado, or combined Idaho, Wyoming, Oregon, Washington and Montana.

These maps have become celebrated for their wonderful accuracy and combined fund of general information. The state maps show all counties in seven colors; all railroads are not marked in straight lines as usually shown in advertisements, but curved as they really are; all cities, towns and villages, all mountains, lakes and rivers, and hundreds of small towns, not shown in postal guides or in ordinary maps.

The historical and descriptive matter is both highly interesting and pleasing, dwelling on the educational, farming, mining and manufacturing merits of each respective state, in fact, covering completely in detail all desirable information pertaining to the states named. These maps, generally conceded to be the most valuable "up to date" publications possible to obtain, will be presented FREE to every fully paid up subscriber, new or old, but not to delinquents. In ordering state plainly what you want.

"The paving and laying of side walks has been delayed beyond any reasonable expectation."—Tribune Aug. 26.

## A GOOD MANY

—OF—

## OUR OLD

## FRIENDS.

Who are generously inclined to continue with us as advertising patrons, who realize the value and strength of our columns as business procuring mediums, have been given of late to manifest surprise at our increased figures for advertising space. Just a word in relation thereto. A newspaper's columns is its stock-in-trade so to speak. The value of its space is regulated by the class, character, and demands of its reading patrons. A newspaper, having age, reputation, and confidence of its readers, and which circulates among the BUYING CLASSES; a newspaper leading all others in its appointments, Enterprise, Religious, Social and Political Standing, backed by an abundance of Capital, Energy and Progressiveness. Such a newspaper has a fixed value for service and effectiveness and such a paper is the

Literature and Journalism Hand in Hand.

IN CONNECTION WITH A YEAR'S SUBSCRIPTION TO THIS PAPER WE WILL OFFER YOU THE

## AMERICANIZED

## ENCYCLOPEDIA

## BRITANNICA

FOR EIGHT CENTS A DAY.

Payable \$5.00 on delivery of the complete set in 10 volumes, and \$2.50 a month thereafter for ten months.

## THE BEST ENCYCLOPEDIA

THAT CAN BE BOUGHT FOR THE MONEY.

## YOU WOULD LIKE TO KNOW

What the Americanized Encyclopedia Britannica is?

It is the most complete and diversified

## Library of Entertaining Literature

Ever issued from the press. Open its pages where you will, you will find something to attract and interest you.

If you are fond of history, it contains the finest collection of histories in the world, embracing every nation of ancient and modern times, from hoary Egypt, with its civilization running back for thousands upon thousands of years, to the latest born of the great family of nations. And they are not dry as dust histories, either, giving nothing but dates and mere descriptions of events; but genuine historical works, as interesting as Macaulay's History of England, and some of them from Lord Macaulay's pen. Or if you have a taste for travels and descriptions of strange countries and their peoples, the AMERICANIZED ENCYCLOPEDIA BRITANNICA will lead you with the famous voyagers and explorers among the sunny islands of the Southern Seas, through the dreary wastes of Arctic ice, across the pathless wilds of Africa, or among the quaint peoples of the East. It will tell you of the vanished civilization of Peru, of the growth or subduance of feudalism in Europe, of the social and governmental polity of modern nations. And it, while you are reading, you come across some reference to a great man with whose deeds you are unfamiliar, the Americanized Encyclopedia Britannica contains a perfect library of biographical memoirs, to which you can turn with the certainty of finding just exactly what you want to know.

Are you interested in science? The Americanized Encyclopedia Britannica will tell you, in clear, understandable English, all about any science you may wish to study. Are you curious about mechanical inventions? The Encyclopedia describes them all. Or perhaps you want information about some industry or mode of manufacturing? Again the Encyclopedia is ready to your hand; a moment's turning of its pages brings the proper heading to your eyes, and there before you lies a complete and exhaustive account of the entire subject. In short, whether you want amusement for an idle hour, solid instruction for more serious moments, or quick information about any matter as to which you are in doubt, the

## AMERICANIZED

## ENCYCLOPEDIA

## BRITANNICA

IS THE VERY THING YOU NEED.

Why Americanized Encyclopedia Britannica? Because that is just exactly what it is—the Encyclopedia Britannica revised and amended for American use.

You want your Encyclopedia to tell you about Grant and Sherman and Sheridan and Hancock and Cleveland and Harrison, don't you? Well, the Encyclopedia Britannica won't do it. But the Americanized edition will. The latest edition of the original Britannica was compiled fifteen years ago, and gives no biographies of persons who were living at that time. Maybe you don't know that? The Americanized edition contains hundreds of new biographies, specially written for its pages, and including every prominent man or woman in the world.

You want fuller information about an American State than about an English county, don't you? You won't get it in the Encyclopedia Britannica, but you will in the Americanized Encyclopedia Britannica. Because the former work was compiled specially for the use of Englishmen, while the latter has been amended and revised especially for use in American homes. See?

## New Articles on American Subjects,

• • New Maps, New Biographies, • •

Every interesting feature of the original Encyclopedia Britannica preserved, and the whole work revised to date. Such is the

## Americanized Encyclopedia Britannica.

## OUR SCHEME.

By giving an order for one year's subscription to this paper we will deliver the complete set of the Americanized Encyclopedia Britannica in ten splendidly bound cloth volumes on payment of \$5.00, and your signing a contract to pay \$2.50 for ten consecutive months, thirty dollars in all.

## THE BEST ENCYCLOPEDIA
